

## Part 6

### TEMP – Temporary activities

#### APP46 – Temporary events in scheduled areas

##### 1. Rule and appendix

Temporary events in the locations identified in APP46 – Table 1: Terms for events in scheduled areas are permitted under TEMP-R4 where the following standards are met.

##### 2. Standards

Any event shall be in accordance with the terms set out in APP46 – Table 1: Terms for events in scheduled areas, except that:

- the noise limits in APP46 – Table 1: Terms for events in scheduled areas do not apply to sound from spectators; and
- the times in APP46 – Table 1: Terms for events in scheduled areas exclude a maximum of 2 hours for sound testing and balancing that is undertaken either between 3.00pm and 7.00pm on the day before the event, or between 9.00am and 7.00pm on the day of the event.

### Footnote interpretation

1. The noise limits specified in APP46 – Table 1: Terms for events in scheduled areas shall not be exceeded within any site in any Residential zone, when measured and assessed in accordance with NZS 6801:2008 “Acoustics – Measurement of environmental sound” and NZS 6802:2008 “Acoustics – Environmental noise”. The provisions of Clause 6.4 Duration and Appendix B4 Special Audible Characteristics shall not apply, and measurements shall not be adjusted for special audible characteristics or duration.
2. For the purposes of this appendix, the area labelled as “Church Steps /1903 Square / Upper Trafalgar Street” in APP46 – Table 1: Terms for events in scheduled areas means the area spatially defined by the

curtilage area shown on APP46 – Figure 1: Church Steps/1903 Square/Upper Trafalgar Street area, below.
