**My submission is: (please ensure you clearly state the issue or project (s) you are submitting about):**

Regarding proposed rates adjustment for flood repairs. I think a uniform rate is fairer and more transparent. We are retired and own a modest house built across a section in an area that is not flood prone. I object to subsidising other, including landlords who may own several small properties in flood prone areas and beneficiaries who get their rates subsidised by the govt. Our rates were "revamped" upwards about 5 years ago.
