Amendments and inclusions

LTP submission #53

Category 11: Multiple

Page 28.

Submitter: Dan McGuire

This submission has been **amended** at the request of the submitter.

A sentence has been deleted on page 28 of the submission, as shown by a line through the sentence in the paragraph below:

NCC services are in a sorry state: stormwater and sewage all require major upgrades. As our local population ages, footpaths need more funding than what is projected to be spent over the ten years. ~~It is pathetic when sewage lines fail on council property and then individual ratepayers are told they have to prove to the council that the problem is on council land before repairs will be done.~~

A copy of the amended submission in its entirety follows.

LTP submission #404

Category 8: Parks and Active Recreation
