11/06/2015	Nigel Gibbs - Nelson Society of Modellers	To make the Modellers Pond useful to all people of our commuity	1773
8/09/2016	Stoke Tennis Courts	We the undersigned are residents of Nelson and we also get a huge amount of enjoyment from playing tennis on the Stoke courts. We are concerned that the President of the Stoke Tennis Club, who has been quoted as supporting the plan to build a \$6,000,000 Community Centre, is not representing our views. What we don't want: - The proposed Community Centre - This "toxic" building with its existing 2 cost over-runs which will probably incur a couple more cost over-runs before the build is finished. - The loss of 2 courts. What we do want: - An upgrade of the existing clubrooms and toilets to include a second floor for rugby and Cricket, all this respecting the present footprint approximately. - Clubrooms that will not cost much more than what we pay now. - Development of a Community Centre to include refurbishment and extension of the Stoke Memorial Hall and is closer to the fallway reserve and related services	48
27/03/2017	Nelsust Inc	Business petition for Waimea Express bus trial We the undersigned request that Nelson City Council, Tasman district Council and the New Zealand Transport Agency trial an express commuter bus service between Wakefield and Nelson with intermediate stops at Brightwater and Richmond, using Whakatu Drive and possibly Beatson road, running at peak hours only, running in addition to the regular service through Stoke. Public petition for Waimea Express Bus We the undersigned request that Nelson City Council, Tasman District Council and the New Zealand Transport Agency trial an express commuter bus service between Wakefield and Nelson - with intermediate stops at Brightwater and Richmond - using Whakatu Drive and possibly Beatson Road - running at peak hours only - running in addition to the regular service through Stoke.	refer link (multiple)

14/05/2019	NZ Taxpaers Union	Nelson City Council (and all other local councils) should stick to core business and not grandstand on central ogvernment issues like climate change	203
19/09/2019	Jim McNabb	We the undersigned affected residents request that Nelson City Council reconsider the decision to close the west side of Hampden Street at the Waimea Road intersection. We further request that the council investigate other alternatives, such as the removal of the existing pedestrian crossing lights and the installation, at the intersection, of a set of traffic lights at the intersection controlling North/south East/West traffic, and pedestrians crossing both streets. We do not believe proper consultation has taken place or that the effects of the closure on neighbouring streets has been properly considered.	77
19/09/2019	Dominic Alford - Hampden Street Closure	Following several serious accidents and many more near misses at the intersection of Waimea Rd and Hampden St West; Nelson City Council has agreed to close Hampden St West to through traffic on a 12-month trial basis due to serious safety concerns for school children, cyclists and other vulnerable road users. The aim of the trial is to firstly; immediately make the area safe for pedestrians and cyclists, and secondly; gather data to inform good decision-making for the future of the intersection. Following the trial, data and community feedback gathered over that period will be reviewed and a range of permanent options considered; including potentially re-opening the road with additional safety measures such as traffic lights, one-way rules or turning restrictions. We-the undersigned-want our streets to be safe for children, cyclists, the elderly and other vulnerable road users. We are concerned about traffic safety risks on Hampden St West and, as such, support the trial closure of Hampden Street West.	86
14/11/2019	Nelson Young Labour - Better Public Transport Acros Te Tau Ihu	Regular Public Transport in and around the Tasman, Nelson and Marlborough Regions	52
19/09/2019	Joy Shackleton	We the undersigned ask you to: - STOP The Tasman Taste Trail changes that affect Beach Road, Tahunanui - STOP the Tahunanui Pathways Project - stage 2 We ask that any changes to Parkers Rd, Beach Rd, Mairtai St, Golf Rd and adjoining streets be stopped. We ask that you only repair and improve existing roadways and pathways of the Tahunanui Seaside Community. We sign this petition because we care about the quality of life in this special place we live and feel the proposed and present changes happening would negatively affect our community and change the experience for many of the holidaymakers and visitors who we share our neighbourhood with.	145

12/08/2021	Delaware Bay Access Group	People have been launching and retrieving boats in the safety of provided by the Delaware Bay boat ramp located at Maori Pa road on publicly owned land for many years. This is now under threat as the council is trying to prevent people from launching at this site. The Delaware Bay Access Group (pissmardon@gmail.com) have launched a petition to allow the continued launch and retrieval of boats at the Delaware Bay boat launching site on behalf of the community. It is important that all recreational ocean adventurers, fishers, divers, community watchdogs, hunters and gathers across our community realise that if no action is taken, the Nelson City Council will stop the launching and retrieving of boats at the Delaware Bay boat ramp. We the undersigned, support access remaining open to all users including vehicle access for boat launching and retrieval at the Delaware Bay Ramp.	1002
23/09/2021	Nelson Citizens Alliance - Three Waters Reform	This petition containing 1828 signatures demands that Nelson City Council makes no commitment to transfer the City's water assets valued at \$685M without the consent of ratepayers, and also demands that the opportunity for full consultation with ratepayers is immediately provided, including the calling of submissions, without further delay.	1828

4/11/2021	Stop the Coal Monster	WE, the undersigned, call on Nelson City Council and Tasman District Council to end coal use and mining in the Nelson Tasman region by 2025. We call for this action to address the climate crisis and for the good of our wildlife and ecosystems, and our helt.	544
16/06/2023	Ali Wolf on behalf of Karl Hadfield	"We want to send a clear message to Nelson City Council that their proposed Stoke Interchange site needs revisiting. The proposed site will result in the loss of valuable carparking and established trees, increase safety issues being so close to traffic lights and a pedestrian crossing and reduce the local amenity value. Stoke Businesses aren't opposed to a decent bus service.We are opposed to the lack of consultation, poor planning and design work and want to highlight a lack of due diligence by council staff."	2388
9/02/2024	Angel Esvella and Lavana Ramsteijn-Whyte - The Proposed No Parking Yellow Lines on Quebec Road	Petition AGAINST yellow no stopping lines going in outside #55-#57 Quebec Road, and above Henrietta Way NOTE: not formally received but supporting information for a Public Forum	21
