Dear [REDACTED]

Official information request for Bus passenger numbers

I refer to your official information request dated 9 May 2024 for a spreadsheet showing Bus passenger numbers, capacity, times and routes.

Attached to this letter is a table that reports daily patronage by route from August 2023 (when the service began) to the end of April 2024. Please note the On Demand service ceased operation on 1 May 2024, and the late late bus operates only on Friday night and early hours of Saturday and Sunday mornings.

With regard to capacity, attached below please find the fleet information which covers the maximum loadings each bus can legally carry (standing and seated). Please note that all the urban routes (1-7) use the Foton Electric buses. At peak times (morning commute and afternoon) the buses are regularly full to capacity with passengers sitting and standing. Route 1 is the busiest route that services both Nelson and Richmond. At peak times on Route 1 we are operating overflow buses and this utilises a mixture of Foton and Scania buses.

In March, there were 32,099 journeys plus an additional 3,573 on the overflow following Route 1. In March, Route 2, which also services Richmond and Nelson saw 28,726 journeys. The Route 8 from Motueka uses the Scania buses with larger capacity.
