- ☐ A current practising license under section 43 of the Plumbers Gasfitters and Drainlayers Act 2006; **or**
- ☐ An exemption under section 13 or 19 of the Plumbers, Gasfitters, and Drainlayers Act 2006

I hereby state that the work described in this building consent has been tested and verified by me, and also understand the Nelson City Council in accepting this statement will be relying on it to issue the Code Compliance Certificate at the competition of the building work:

Signature: _____ Date: _____

NELSON CITY COUNCIL
UNDERSLAB SANITARY *DRAINAGE* WATERTIGHTNESS STATEMENT GUIDELINES

The purpose of the Underslab Sanitary Drainage Watertightness Statement is to provide Nelson City Council with a permanent record of the test results for the respective building consent. The document also confirms that the drainlaying work has been completed, or supervised by a certifying drainlayer in accordance with the Plumbers Gasfitters and Drainlayers Act 2006.

a) The pressure test statement is required to be completed by the certifying drainlayer and issued to Nelson City Council for all underslab AS/NZ 3500 installations subject to building consent where the watertightness test has not been recorded by a Nelson City Council Building Inspector.

b) Please ensure that the testing method is specified and attached to this certificate any proprietary brand manufacturers test certificates where manufacturer requires them as part of their quality control regime.

Please contact the Building Inspection Team with any queries relating to this form.
